Re: Daughter Missing Eastside

Dear Sir:

My name is Deborah Jardine. I am the mother of *Angela Jardine*. My daughter vanished from the downtown eastside of Vancouver last November 20, 1998. She was last seen at Oppenheimer Park between 3:30-4pm that day. She has not been seen or heard of since.

I would like you to know I am extremely pleased CPA Investigations is looking into the cases of the missing women from the downtown eastside. Unfortunately, I was not able to attend the meeting last week that you had with the other families. I live a considerable distance from Vancouver. I did ask Maggie Devries and Wayne Leng to convey my feeling regarding the involvement with CPA. I feel your input will be a tremendous asset and most beneficial to all concerned.

I look forward to speaking to you. I hope I will be able to enlighten you on several things regarding my daughter Angela's case and several people to contact in reference to her.

Sincerely,

Deborah Jardine
